### Clarifications regarding API:

Please note that a candidate has to justify all claims made by him/her regarding the API in respect of the items covered under Category I & II, which basically deal with the performance of the candidate within his/her own institution, the competent authority should validate the claims.

It is advisable that the candidates use a separate sheet of paper to make a list of their activities item wise, which the concerned authority may authenticate. Otherwise, the said authority may issue a certificate that adequately covers the relevant points.

There, is however, no need to submit copies of attendance register or attach all examination duty slips; the competent authority's certificate will be accepted even if unaccompanied by such 'back-up' documents.

Candidates are requested to present a break up of their total API score in the following manner in a separate sheet.

1.	Category I Score
